bonna

Save for Tomorrow!

Our Philosophy: Integration with Nature

Our Goal: Save All the Values of Life for Tomorrow

The moment when elements of soil merge with water to form a porcelain body marks the beginning of Bonna's products, bringing them to life and enhancing culinary experiences. Following this integration, energy resources shape the final appearance of a porcelain product. This process is about transforming natural resources into a durable form, ensuring that even after its lifecycle ends, porcelain continues to contribute to the environment.

Our sustainability goal is rooted in a belief in the natural cycle and harmonious blending. Bonna is dedicated to meeting the

needs of the present generation while preserving resources for future generations. This dedication is among the corporate values, placing integrity at the core, and guiding ethical standards since the foundation of our company. We are working to ensure that the flavors, smells, all the beauties of the soil and nature that bring us into existence today save for tomorrow.

Our primary strategies to protect our future align with the United Nations Sustainable Development Goals. These include: Affordable and Clean Energy; Industry, Innovation, and Infrastructure; Responsible Consumption and Production; Climate Action; Life Below Water; Life on Land; Gender Equality; Reduced Inequalities; Peace, Justice, and Strong Institutions; and Partnerships for the Goals.

Bonna Contributions to Net Zero Commitment

We measure our **carbon footprint** annually according to **ISO 14064** and **GHG Protocol**. Our commitments to Net Zero Movement are:

Sustain Our Industry by Circularity and Long Product Life Cycle

• Superior **Edge Chip Resistance** and **Durability** followed by warranty

• **Recycled porcelain** collection recovering 87% of internal wastes of the production cycle

• 100% **Recyclable packaging** material

Annually 1829 ton of carbon emissions are prevented, 3942 trees saved

• **Zero Waste Production Facility** by %99,9 recycle rate

• Industrial **Wastewater Treatment System**

Treated wastewater from our industrial process to recover water to fill 18 Olympic pools

Sustain Our Life Resources by Low Carbon Economy

• **Net Zero Warehouse** supported by **Solar Energy System** and certified by Leed Gold

4,974 trees are saved and prevented 2,309 tons of carbon emissions

• **Vitrified collections** produced by **single firing** and **local resources** enable even lower carbon footprint offers

Sustain Human Well-Being and Integrate with Society by Social Impact

• **Information security management system** guaranteed by **ISO 27001 Certification**

• Human resources policy in line with the **United Nations Universal Declaration on Human Resources** and **International Labor Organization (ILO)** standards

• **Corporate Social Responsibility Policy** supporting young chefs' education in the world's leading culinary schools and gastronomy departments

Please download for the whole approach document.

Specifications

Edge Chip Resistance
Warranty

The entire Bonna product range, identified with the “edge chip resistance logo”, challenge the toughest standards and can be used for years by fulfilling the HoReCa industry requirements.

Outstanding
Durability

With our unique formula developed specifically for the HoReCa sector, Bonna products offer outstanding durability to withstand intense use. We elevate your business beyond the standards with our reliable and long-lasting solutions.

Stackable

The stackable design is a required property, especially in the HoReCa sector. Our stackable design offers the best and the most practical solution even in the tightest storage areas.

Translucency

The detailed R&D process gives all porcelain products a translucent and elegant ivory whiteness. Our special formula and ingredients give our products a unique light transmission.

Microwave Safe

All plates are suitable for microwave use.

Unique Pieces Reactive Glaze

Each piece has unique color transitions thanks to reactive glaze technology. This makes our plates special and unique.

Scratch Resistance

Our state-of-the-art glazing technique offers superior scratch resistance on all our products.

Dishwasher Safe

High resistance glazing process enable Bonna products to be resistant to highly corrosive dishwasher effect during fast service cleaning cycle.

Thermal Shock Resistance

Hard glaze surface and premium raw materials provide durability against sudden temperature changes and extreme temperature conditions.

Genuine Partner

We regard all our customers as our industry partners and commit ourselves with a genuine care to create value for everyone through a strong collaboration.

BUFFET

In buffet presentations, durability is just as important as aesthetic appeal. Our buffet porcelain collection is thoughtfully designed to meet this need, offering pieces that beautifully showcase both hot and cold dishes while adding a sophisticated touch to the art of presentation.

À LA CARTE

Refined, distinctive, and sophisticated! Specially designed for A la Carte restaurants, our porcelain collections turn every plate into a work of art. With elegant designs that seamlessly complement chefs' creative visions, we blend quality with aesthetics. Knowing that thoughtfully curated menus deserve impeccable presentation, we elevate gastronomy with durable and refined forms.

COFFEE & PATISSERIE

Our porcelain series, which transform dessert and coffee into a wonderful experience, dazzles with its design. You can adopt a lively presentation style by matching the collections in different colors in the category or you can create elegant presentations using the simple elegance of white.

INFINITYGLASS

Infinityglass offers a safe experience to businesses and guests thanks to its unbreakable structure and durability. In addition to its durability, it stands out as a more environmentally friendly alternative to glass and disposable plastic cups. Moreover, beyond these functional features, infinityglass adds an aesthetic touch to your presentations with its eye-catching designs.
